This year - 2022 - this game is once again something a little different. Call it "Geocache Woods", if you will. ALL of the geocaches are randomly hidden within the city property woods near Bluff View Park. It is what it is... a mid Summer exploration of an interesting plot of woods here in Bessemer , MI. Proper clothes and shoes and bug repellent are STRONGLY recommended. Please REHIDE the geocaches just as you found them - keep this game fun for all and be respectful of others you may meet in the woods.

The #1 geocache is at the edge of the park proper, so it can be used as exit coordinates should you be lost; as long as your battery holds up. The group West-ish of #1 is easier and the group North-ish is harder, GOOD LUCK!!
